tives of private sector, experienced in operation of these vessels, to ensure practicability of regulations, and adding subsec. (I).

Pub. L. 101–959, title VI, §602(f), Nov. 16, 1990, 101 Stat. 2992, provided that: “This section [amending this section and section 3302, 402, 3302, 3302, 3302, 8104, and 3702 of this title, and enacting provisions set out as a note under section 7306 of this title] is effective on the date of enactment of this section [Nov. 16, 1990] except as follows:

(1) The requirements imposed by section 4502(b)(2) of title 46, United States Code, (as enacted by subsection (d) of this section) are effective 6 months after the date of enactment of this Act.

(2) Before January 1, 1993, section 4502(c) (as amended by subsection (c) of this section) does not apply to a fish tender vessel engaged in the Aleutian trade, if the vessel—

(A) before September 8, 1990, operated in that trade; or

(B) before September 8, 1990, was purchased to be used in that trade and, before June 1, 1992, entered into service in that trade; and

(B) does not undergo a major conversion.

(3) Before January 1, 2003, a fish tender vessel is exempt from chapter 51 of title 46, United States Code, (as amended by subsection (d) of this section) when engaged in the Aleutian trade, if the vessel—

(A)(i) before September 8, 1990, operated in that trade; or

(ii) before September 8, 1990, was purchased to be used in that trade and, before June 1, 1992, entered into service in that trade;

(B) does not undergo a major conversion; and

(C) did not have a load line assigned at any time before the date of enactment of this Act.

(4) The requirements imposed by section 8702(b)(2) of title 46, United States Code, (as amended by subsection (e)(2) of this section) are effective 1 year after the date of enactment of this Act.”

STUDIES REGARDING SAFETY OF FISHING VESSELS

Pub. L. 100–424, §5(a), Sept. 9, 1988, 102 Stat. 1591, directed Secretary of Transportation, utilizing National Academy of Engineering and in consultation with National Transportation Safety Board, Commercial Fishing Industry Vessel Advisory Committee, and fishing industry, to conduct a study of safety problems on fishing industry vessels, and to make recommendations regarding whether a vessel inspection program could be implemented for fishing vessels, fish tender vessels, and fish processing vessels, including recommendations on nature and scope of that inspection, and further provided for submission of the study and recommendations to Congress before Jan. 1, 1990.

Pub. L. 100–424, §5(b), Sept. 9, 1988, 102 Stat. 1591, directed Secretary of department in which Coast Guard is operating, in consultation with Commercial Fishing Industry Vessel Advisory Committee established under section 4508 of this title, and with representatives of persons operating fish processing vessels to conduct a study of fish processing vessels that are not surveyed and classed by an organization approved by Secretary, and to make recommendations regarding what hull and machinery requirements could apply to such vessels to ensure that those vessels are operated and maintained in a condition in which they are safe to operate at sea, and further provided for submission of such study and recommendations to Congress before July 28, 1991.

TERRITORIAL SEA OF UNITED STATES

For extension of territorial sea of United States, see Proc. No. 5928, set out as a note under section 1331 of Title 43, Public Lands.

§4503. Fishing, fish tender, and fish processing vessel certification

(a) A vessel to which this subsection applies may not be operated unless the vessel—

(1) meets all survey and classification requirements prescribed by the American Bureau of Shipping or another similarly qualified organization approved by the Secretary; and

(2) has on board a certificate issued by the American Bureau of Shipping or that other organization evidencing compliance with this subsection.

(b) Except as provided in subsection (d), subsection (a) applies to a fish processing vessel to which this chapter applies that—

(1) is built after July 27, 1990; or

(2) undergoes a major conversion completed after that date.

(c)(1) Except as provided in paragraph (2), subsection (a) applies to a vessel to which section 4502(b) of this title applies that is at least 50 feet overall in length and is built after July 1, 2013.

(2) subsection (a) does not apply to a fishing vessel or fish tender vessel to which section 4502(b) of this title applies, if the vessel—

(A) is at least 50 feet overall in length, and not more than 79 feet overall in length as listed on the vessel’s certificate of documentation or certificate of number; and

(B) is built after the date of the enactment of the Coast Guard Authorization Act of 2016; and

(ii) complies with—

(I) the requirements described in subsection (e); or

(II) the alternative requirements established by the Secretary under subsection (f).

(d)(1) After January 1, 2020, a fishing vessel, fish processing vessel, or fish tender vessel to which section 4502(b) of this title applies shall comply with an alternate safety compliance program that is developed in cooperation with the commercial fishing industry and prescribed by the Secretary, if the vessel—

(A) is at least 50 feet overall in length; and

(B) is built before July 1, 2013; and

(C) is 25 years of age or older.

(2) A fishing vessel, fish processing vessel, or fish tender vessel built before July 1, 2013, that undergoes a major conversion completed after the later of July 1, 2013, or the date the Secretary establishes standards for an alternate safety compliance program, shall comply with such an alternative safety compliance program that is developed in cooperation with the commercial fishing industry and prescribed by the Secretary.

(3) Alternative safety compliance programs may be developed for purposes of paragraph (1) for specific regions and fisheries.

(4) Notwithstanding paragraph (1), vessels owned by a person that owns more than 30 vessels subject to that paragraph are not required to meet the alternate safety compliance requirements of that paragraph until January 1, 2030, if that owner enters into a compliance agreement with the Secretary that provides for a fixed schedule for all of the vessels owned by that person to meet requirements of that paragraph by
