Significance must comply with the regulations governing coastwise transportation of passengers under 19 CFR 4.50(b) and 19 CFR 4.80(a).

§ 26.03—Voyage plans for uninspected passenger vessels of at least 100 gross tons.

(a) The master must prepare a voyage plan that includes a crew and passenger list before taking an uninspected passenger vessel of at least 100 gross tons on a Great Lake, an ocean, or an international voyage.

(b) Before departure, the master must communicate the voyage plan ashore, either verbally or in writing. The voyage plan must go to either the vessel’s normal berthing location or a representative of the owner or managing operator of the vessel. The master, owner, or operator of the vessel must make the voyage plan available to the Coast Guard upon request.

§ 26.03—Signaling light.

All vessels of over 150 gross tons, when engaged on an international voyage, shall be equipped with an efficient daylight signaling lamp in accordance with the requirements of subchapter J (Electrical Engineering) of this chapter.

§ 26.08—Notice and Reporting of Casualty and Voyage Records

§ 26.08—Notice and reporting of casualty and voyage records.

The requirements for providing notice and reporting of marine casualties and for retaining voyage records are contained in part 4 of this chapter.

§ 26.20—Exhibition of Coast Guard Credential

§ 26.20—Must be available.

If a person operates a vessel that carries one or more passengers-for-hire, he or she is required to have a valid Coast Guard license or MMC officer endorsement suitable for the vessel’s route and service. He or she must have the license or MMC in his or her possession and must produce it immediately upon the request of a Coast Guard boarding officer.

§ 26.25 [Reserved]
§ 26.30–1 Approved unicellular plastic foam work vests.

(a) Buoyant work vests carried under the permissive authority of this subpart shall be of an approved type, and shall be constructed, listed, and labeled in accordance with subpart 160.053 of subchapter Q (Specifications) of this chapter.

§ 26.30–5 Use.

(a) Approved buoyant work vests are considered to be items of safety apparel and may be carried aboard vessels to be worn by crew members when working near or over the water under favorable working conditions.

(b) When carried, approved buoyant work vests shall not be accepted in lieu of any portion of the required number of approved lifesaving appliances required by § 25.25–10 of this subchapter.

§ 26.30–10 Stowage.

(a) The approved buoyant work vests shall be stowed separately from the regular stowage of required lifesaving equipment.

PART 27—TOWING VESSELS

Subpart A—General Provisions for Fire-Protection Measures and Fire-Suppression Equipment on Towing Vessels

Sec.
27.100 What towing vessels does this part affect?
27.101 Definitions.
27.102 Incorporation by reference.

Subpart B—Fire-Protection Measures for Towing Vessels

27.201 What are the requirements for general alarms on towing vessels?
27.203 What are the requirements for fire detection on towing vessels?
27.205 What are the requirements for internal communication systems on towing vessels?
27.207 What are the requirements for fuel shut-offs on towing vessels?
27.209 What are the requirements for training crews to respond to fires?
27.211 What are the specifications for fuel systems on towing vessels whose construction was contracted for on or after January 18, 2007?

Subpart C—Fire-Suppression Equipment for Towing Vessels

27.301 What are the requirements for fire pumps, fire mains, and fire hoses on towing vessels?
27.303 What are the requirements for fire-extinguishing equipment on towing vessels in inland service, and on towing vessels in ocean or coastal service whose construction was contracted for before August 27, 2003?
27.305 What are the requirements for fire-extinguishing equipment on towing vessels in ocean or coastal service whose construction was contracted for on or after August 27, 2003?
