Section 10904 provides that if a vessel is found fit to proceed by a judge or justice of the peace and a seaman refuses to proceed, the seaman shall forfeit any unpaid wages.

§ 10905. Complaints in foreign ports

(a) When a complaint under section 10902(a) of this title is made in a foreign port, the procedures of this chapter shall be followed, with a consular officer performing the duties of the judge or justice of the peace.

(b) On review of the marine surveyors’ report, the consular officer may approve and must certify any part of the report with which the officer agrees. If the consular officer dissents from any part of the report, the officer shall certify reasons for dissenting from that part.

Section 10905 provides that if a complaint of unfitness is made in a foreign port, a consular officer shall perform the duties of a judge or justice of the peace.

§ 10906. Discharge of crew for unsuitability

When a survey is made at a foreign port, the surveyors shall state in the report whether, in their opinion, the vessel had been sent to sea unsuitably provided in any important particular, by neglect or design or through mistake or accident. If by neglect or design, and the consular officer approves the finding, the officer shall discharge a seaman requesting discharge and shall require the master to pay one month’s wages to that seaman in addition to wages then due, or sufficient money for the return of the seaman to the nearest and most convenient port of the United States, whichever is the greater amount.

AMENDMENTS

§ 11101. Accommodations for seamen

(a) On a merchant vessel of the United States the construction of which began after March 4, 1915 (except a yacht, pilot vessel, or vessel of less than 100 gross tons as measured under section 14502 of this title, or an alternate tonnage measured under section 14502 of this title as prescribed by the Secretary under section 14104 of this title)—

(1) each place appropriated to the crew of the vessel shall have a space of at least 120 cubic feet and at least 16 square feet, measured on the floor or deck of that place, for each seaman or apprentice lodged in the vessel;

(2) each seaman shall have a separate berth and not more than one berth shall be placed one above another;
(3) the place or berth shall be securely constructed, properly lighted, drained, heated, and ventilated, properly protected from weather and sea, and, as far as practicable, properly shut off and protected from the effluvium of cargo or bilge water; and

(4) crew space shall be kept free from goods or stores that are not the personal property of the crew occupying the place in use during the voyage.

(b) In addition to the requirements of subsection (a) of this section, a merchant vessel of the United States that in the ordinary course of trade makes a voyage of more than 3 days' duration between ports and carries a crew of at least 12 seamen shall have a hospital compartment, suitably separated from other spaces. The compartment shall have at least one bunk for each 12 seamen constituting the crew (but not more than 6 bunks may be required).

(c) A steam vessel of the United States operating on the Mississippi River or its tributaries shall provide, under the direction and approval of the Secretary, an appropriate place for the crew that shall conform to the requirements of this section, as far as they apply to the steam vessel, by providing a properly heated sleeping room in the engine room of the steam vessel properly protected from the cold, wind, and rain by means of suitable awnings or screens on either side of the guards or sides and forward, reaching from the boiler deck to the lower or main deck.

(d) A merchant vessel of the United States, the construction of which began after March 4, 1915, having more than 10 seamen on deck, shall have at least one lighted, clean, and properly heated and ventilated washing place. There shall be provided at least one washing outfit for each 2 seamen of the watch. A separate washing place shall be provided for the fireroom and engine room seamen, if their number is more than 10, that shall be large enough to accommodate at least one-sixth of them at the same time, and have a hot and cold water supply and a sufficient number of washbasins, sinks, and shower baths.

(e) Forecastles shall be fumigated at intervals provided by regulations prescribed by the Secretary of Health and Human Services, with the approval of the Secretary, and shall have at least 2 exits, one of which may be used in emergencies.

(f) The owner, charterer, managing operator, agent, master, or licensed individual of a vessel not complying with this section is liable to the United States Government for a civil penalty of at least $50 but not more than $500.

Section 11102 requires that a United States vessel on a foreign or intercoastal domestic voyage be equipped with a medicine chest, and provides a penalty for noncompliance. The Committee intends that regulation will provide for a well-stocked medicine chest adequate for the crew of a vessel.

AMENDMENTS

1996—Subsec. (a). Pub. L. 104–324 inserted “as measured under section 14502 of this title, or an alternate tonnage measured under section 14302 of this title as prescribed by the Secretary under section 14104 of this title” after “100 gross tons” in introductory provisions.

§11103. Slop chests

(a) A vessel to which section 11102 of this title applies shall be provided with a slop chest containing sufficient clothing for the intended voyage for each seaman, including—

1. boots or shoes;
2. hats or caps;
3. underclothing;
4. outer clothing;
5. foul weather clothing;
6. everything necessary for the wear of a seaman; and
7. a complete supply of tobacco and blankets.

(b) Merchandise in the slop chest shall be sold to a seaman desiring it, for the use of the seaman, at a profit of not more than 10 percent of the reasonable wholesale value of the merchandise at the port at which the voyage began.
