**NOTICE TO INDIVIDUALS REQUIRED BY THE PRIVACY ACT OF 1974 AND THE PAPERWORK REDUCTION ACT OF 1995**

The solicitation of the personal information requested in this form is authorized by the Communications Act, Sections 8 & 9, and the Debt Collection Improvement Act of 1996. P.L. 104-134. This form will be used primarily to capture information to maintain required accounts receivable, and collect fines and debts due the Commission. As part of the Debt Collection Improvement Act, agencies are authorized to refer specific Taxpayers Identification information which includes Employers Identification Numbers and Social Security Numbers to the Department of Treasury for further investigation and possible enforcement of a statute, rule, regulation or order. If we believe there may be a violation or potential violation of an FCC statute, regulation, rule or order, your application may be referred to the Federal, state, or local agency responsible for investigating, prosecuting, enforcing or implementing the statute, rule, regulation or order. In certain cases, the information in your application may be disclosed to the Department of Justice or a court or adjudicative body when (a) the FCC; or (b) any employee of the FCC; or (c) the United States Government, is a party to a proceeding before the body or has an interest in the proceeding. If information requested on the form is not provided, processing of the application/filing may be delayed or returned without action pursuant to Commission rules.

If you owe a past due debt to the Federal Government, the Taxpayer Identification Number (such as your Social Security Number) and other information you provide may also be disclosed to the Department of the Treasury, Financial Management Service, other federal agencies and/or your employer to offset your salary, IRS tax refund or other payments to collect that debt. The FCC may also provide this information to these agencies through the matching of computer records when authorized.

We have estimated that each response to this collection of information will take, on average, 15 minutes. Our estimate includes the time to read the instructions, look through existing records, gather and maintain required data, and actually review and complete the form.

If you selected “Individual”, this is the page you will see. Select “CORES FRN Registration” and “Continue”.

When submitting a payment to the FCC, you are solely responsible for validating all financial data being entered, for ensuring that your payment instructions are not rejected by your financial institution and for ensuring that the funds have been transmitted to the FCC. To avoid incurring late payment penalties and interest, you should notify your financial institution when making ACH, credit card and wire payments, and continue monitoring your account to verify that payment to the FCC has been made by the payment deadline. The notifications you receive from the FCC after submitting your payment are to acknowledge that you have submitted a payment, and are not an acknowledgement that payment has been received by the FCC.
